EPIC™ DF Herbicide

For Use on Corn

EPA Reg. No. 264-800

EPA SLN. No. SD-050002

24(c) Supplemental Label

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF SOUTH DAKOTA

RESTRICTED USE PESTICIDE

May injure (phytotoxic) susceptible non-target plants.

For retail sale to and use only by certified applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification. Commercial and certified applicators must ensure that all persons involved in these activities are informed of the precautionary statements.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. All applicable directions, restrictions and precautions on the EPA registered label are to be followed.

Environmental Precautions and Soil Type Restrictions

Refer to the container label for additional use precautions and directions.

Environmental Precautions: AGRICULTURAL CHEMICALS HAVE THE POTENTIAL TO MOVE INTO SHALLOW GROUNDWATER. THE FOLLOWING RESTRICTIONS HAVE BEEN DEVELOPED TO PROTECT GROUNDWATER SUPPLIES.

- In fields having soils with less than 15% field moisture holding capacity, special care must be taken not to over-irrigate, since substantial over-irrigation promotes the leaching of chemicals.
- Do not apply Epic DF Herbicide in the following counties in South Dakota: Bennett, Butte, Fall River, Gregory (South of US Highway 18), Harding, Jackson (South of White River), Lawrence, Mellette, Perkins, Shannon, Todd, and Tripp (South of US Highway 18)
- If the water is less than 25 feet below the ground surface, do not apply Epic DF Herbicide to a field where any portion of a field contains an occurrence of a vulnerable soil. Vulnerable (restricted) soils are those soils that have an average organic matter (in the top 12 inches) of less than 2% by weight with surface and subsoil textures of sandy loam, loamy sand, sand or gravel; including modified versions of those textures.
