John,

Thank you very much for your note.

I think that the document that I just sent out addresses your question 3.
 I am still working on the answer to question 2.

Please help me better understand question 1 via phone (302-774-8048) or via
 e-mail so that I can ensure that this is being addressed.

Thanks again.

Best Regards,

Robert

 Subject:

Incineration ECA. These popped up the other day:

- Q1: Will the analytical procedure for the determination of PFOA in
 water be demonstrated and reported ("spiking the bubbler") ??
 Q2: What will the expected LOQ, etc to be reported from the lab (I
 expect Exogen) ??
 Q3: Exogens analytical procedure ?

The lab guys probably already answered these .
