Rich:

This is right off the presses from DuPont.

By my reckoning, the only outlier at this point is Daiken on the Fluoropolmer side of the house. I have everything I/you need from them, except I need to confirm the contact information for the techical contact; he is changing locations soon, and I need to sort out what address to use for him. That is in the works, so stay tuned.

Katie & David,
As per my telephone message to you, Katie, here is the contact and signatory information for both Telomers and Fluoropolymers for the Incineration ECAs. The Telomers ECA will be signed by Nick Fanandakis, VPGM DuPont Chemicals Solution Enterprise. The fluoropolymers ECA will be signed by Francine Shaw, Vice President Corporate Operations.

I have maintained contact information in the attached for Steve for telomers and myself for polymers. Use the information as needed. If desireable, Steve and I can help route the documents for signature when the time comes.

Best Regards

After consulting with George Senkler, we have identified FRANCINE C. SHAW as the DuPont signatory for the incineration ECA's. You may route the documents through me or George Senkler for processing in DuPont.

Please let me know if you have questions.
Thanks & Regards
