Subject Re: Contact Information and signer

Sorry for the delay in getting back to you. I've been away tending to eldercare family matters in NJ.

I'm having trouble keeping up with the many changes to the FMG contact / signatory list. Katie spoiled me, because she was kind enough to compile the Telomer contacts into a single list. I want to get this correct the first time and don't feel comfortable trying to compile the FMG list from the multitude of e-mails that I've received over the past month or so. It would be really helpful if you would ask someone with FMG to compile the "master" list for us. Thanks.

P.S. Greg continues to work with the Companies to complete the ECAs signature pages RE: CBI and Sanitized chemical information.

Taka:

Thanks for getting back to me.

What I needed to know was whether the information on the signature page re how to contact you (address/phone number, etc.) should be changed, in light of the fact that you are relocating to Japan. An example signature page is attached, which provides the details EPA is looking for. Please get back to me re this.

Thanks.

David

Information and signer

AM

David,

Sorry that I was not able to respond promptly.

I will be the only technical contact for fluoropolymer incineration testing.

Satoshi Doi, president of Daikin America will be the singer for both telomer and fluoropolymer testing.

I will be back to the office on April 14.

Taka,
