Re: SugEel MCC Americas, LLC Lithium-Ion Battery Recycling Facility
Air State Facility Permit Application – DEC No. 7-0346-00218/00001
Village of Endicott, Broome County

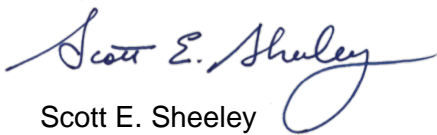

On May 29, 2019 SungEel MCC Americas, LLC submitted its application to the New York State Department of Environmental Conservation (DEC) for an Air State Facility Permit for a lithium-ion battery recycling facility located at the Huron Business Campus on Clark Street in Endicott, New York. The permit application was determined complete and a public comment period for the above-referenced application ran from October 9, 2019 to December 5, 2019. You are receiving this update on the DEC review because you submitted comments during the public comment period.

DEC has reviewed the submitted comments and prepared a summary of the comments in the attached "Response to Comments" document. Along with the summary of relevant comments, DEC's responses are also provided.

Based on our careful review of the application materials and applicable regulatory standards, the Department has issued the Air State Facility permit for the facility. A copy of this issued permit is attached for your information.

I hope you find this information helpful to your understanding of DEC's review. Thank you for taking the time to comment on this application and participating in the Department's review of the proposal.

Sincerely,

Scott E. Sheeley
Deputy Chief Permit Administrator
